Career Cruising Implementation Plan

The following steps show how easy and stress-free it is for you to implement Career Cruising for K-12 at your school or district. We'll also show you how each of the stakeholders – students, parents, and educators – are involved.

- **Students**

The below screenshot is from our redesigned user interface. It allows students to see a complete breakdown of their progress toward meeting the career development outcomes identified by their school or district.

- **Educators**

Implementing Career Cruising gives you access to more than 70 different reports and tracking tools that enable you to monitor the progress of any given student at any point in time.

- **Parents**

All parents have access to the Parent Portal where they can be involved in their child's career development decisions and monitor their progress every step of the way!

The screenshot shows the Career Cruising user interface for a student named Kyle. The top navigation bar includes links for Español, Help, My Account, and a Search bar. Below the navigation bar, there are tabs for Assessments, Careers, Education, Financial Aid, and Employment. The main content area is titled "Welcome to Career Cruising, Kyle!" and features a "My Progress" section with a progress bar showing 88% completion. The progress bar is divided into "Complete" (88%) and "Incomplete" (12%) sections. A quote by Steve Jobs is displayed below the progress bar. The "Focus on Careers" section includes a link to "Focus on careers in chemistry" and a list of related careers: Chemical Engineering Tech, Chemical Engineer, Chemist, Geologist, Materials / Metallurgical Engineer, Pharmacist, Pharmacologist, and Pharmacy Technician. A photo of two students in a chemistry lab is shown next to the list. A "Show me another" button is located at the bottom right of the photo.
