

# Print Installation Instructions for Apple Macintosh Maverick®

---

The following instructions detail the installation procedure for the eSCRIP-SAFE® printer in an Apple Macintosh Maverick® environment. Administrator privileges may be required to complete the installation.

## DOWNLOAD & INSTALL THE PRINT DRIVER

1. Contact SCRIP-SAFE to obtain your school's unique School-ID. This value is needed when entering the URL in step 7.
2. Select System Preferences then Print & Scanners
3. Select + to add a printer
4. Select Advanced from the toolbar (if Advanced is not displayed: right click the toolbar, select Customize Toolbar..., drag Advanced to the toolbar and click Done)
5. Set Type to Internet Printing Protocol (http)
6. Set Device to Another Device
7. Set URL to <http://ipp.escrip-safe.com:443/printers/SCHOOLID>
8. Set Name to Electronic Transcripts
9. Leave Location blank
10. Set Print Using to Generic PostScript Printer
11. Click Add
12. Click Continue
13. Close Print & Fax window
