

Parent/Guardian SSP Review

WHAT IS THE PARENT/GUARDIAN SSP?

The two main goals of the Parent/Guardian SSP are to allow parents and guardians to view the work done by their child and to allow parents and guardians to provide feedback to their child's advisor regarding their child's SSP. The information entered by students for most sections of the SSP is read-only; parents and guardians can view their child's work, but cannot change it.

To log in, parents and guardians go to www.careercruising.com/Parent and enter their Parent/Guardian username and password (to register, they will need an activation code sent by the school).
