

Print Installation Instructions for Apple Macintosh Snow Leopard®

The following instructions detail the installation procedure for the Credentials eSCRIP-SAFE® print driver in an Apple Macintosh Snow Leopard® environment. Administrator privileges may be required to complete the installation.

DOWNLOAD & INSTALL THE PRINT DRIVER

1. Your Implementation Manager will provide you with your school's unique School-ID. This value is needed when entering the URL in step 7.
2. Select SYSTEM PREFERENCES then PRINT & FAX
3. Select + to add a printer
4. Select ADVANCED from the toolbar
 - If ADVANCED is not displayed:
 - Right click the toolbar
 - Select CUSTOMIZE TOOLBAR...
 - Drag ADVANCED to the toolbar
 - Select DONE
5. Set TYPE to INTERNET PRINTING PROTOCOL (HTTP)
6. Set DEVICE to ANOTHER DEVICE
7. Set URL to: <http://ipp.escrip-safe.com:443/printers/school-id>
8. Set NAME to ELECTRONIC TRANSCRIPTS and leave LOCATION blank
9. Set PRINT USING to GENERIC POSTSCRIPT PRINTER
10. Select ADD and select CONTINUE
11. Close PRINT & FAX window
