Print Installation Instructions for Windows Vista®

The following instructions detail the installation procedure for the Credentials eSCRIP-SAFE® print driver in a Windows Vista environment. Administrator privileges may be required to complete the installation.

DOWNLOAD & INSTALL THE PRINT DRIVER

1. Download and extract the eSCRIP-SAFE print driver from the following URL:

   - 32 bit Operating System: http://files.escrip-safe.com/driver.zip
   - 64 bit Operating System: http://files.escrip-safe.com/driver64.zip

   Be sure to extract ALL files. You can save the files to your desktop.

2. Select START then CONTROL PANEL.

3. Select HARDWARE and SOUND, then select PRINTERS.

4. Select ADD A PRINTER.

5. Select A NETWORK PRINTER.

6. Select "THE PRINTER THAT I WANT ISN'T LISTED".

7. Select A SHARED PRINTER BY NAME then select NEXT.

8. *Set the URL to: https://ipp.escrip-safe.com:443/printers/School-ID*
   Career Cruising will provide you with the value of your School-ID

9. Select HAVE DISK, then BROWSE to the eSCRIP-SAFE.inf file (from STEP 1).

10. Click OK to install the printer. Please ignore any warnings concerning the driver not being digitally signed. Select CONTINUE ANYWAY.

11. Uncheck "SET AS DEFAULT PRINTER" the default printer, then NEXT.

12. Select FINISH to complete the installation.
