STEP 2: COMPLETE CAREER MATCHMAKER

The Explore Assessments section offers a number of assessment tools to help you discover your skills, abilities, and learning preferences and use that information to identify suitable career options. Career Cruising's interest assessment, Career Matchmaker, helps you understand how interests and career choices are related by matching your likes and interests to occupations in the program. Let's begin by completing Career Matchmaker:

- Click on the Assessments link in the menu bar at the top of the page.
- If you are not already logged in to your EDP, select **Login** under Matchmaker & My Skills, enter your EDP username and password, then click on **Login**. If you have not yet created an EDP, click on **Register** to create one.
- Choose **Start Matchmaker**, read through the instructions, and enter a name for your session. Click **Start Now** to begin.

Answer the first 39 questions. If you are unsure of the meaning of a question, read the **More Info** section for a brief explanation. After you finish the first round of questions and get your initial list of suggested careers, we strongly recommend going through the second round of questions.

- Click on the **Answer More Questions** link in the **Improve My Results** section on the left side of the page.
- Answer as many of the additional questions as possible, then click the **View My Career Suggestions** button.

The Matchmaker results page lists the top 40 career matches ranked in order of suitability. Click on a career to learn more about it and to see how it matches up with your answers.

From the Matchmaker results page, you can browse through Matchmaker's other features and functions:

- View your recommended Michigan Career Pathways.
- Review and change your answers.
- Limit your suggestions to a particular level of education.
- See how careers *not* included in your list of suggestions match up with your answers.

Click on **Assessments** in the top menu bar to access the other assessment tools available. You can take the My Skills assessment to see how your skills match up with the skills required for careers that match your interests; the Ability Profiler is a scheduled series of timed tests that help you identify your level of ability in six key areas; and the Learning Styles Inventory is designed to help you understand how you learn and retain information.

STEP 3: EXPLORE AN OCCUPATION PROFILE

There are hundreds of occupation profiles in Career Cruising and a number of ways to search for them, including by keyword, index, school subject, Michigan Career Pathways, or industry, or by using the Career Selector. You can also find information on career options in the military. For now, try the Search By School Subject option.

- Click on the **Careers** link in the menu bar at the top of the page.
- Click on School Subjects.
- Select a subject.
- Select an occupation title.

Browse through the occupation profile using the links on the left to find information about various aspects of the career, including job description, working conditions, earnings, a sample career path, and related resources. The Education section of each profile includes links to related college programs.

Each career profile also has a printer-friendly version, which you can access by clicking on the **Printer Friendly** icon near the top of the page on the right.

STEP 4: MULTIMEDIA INTERVIEWS

Each career profile contains two multimedia interviews with people in that occupation. Each person answers key questions about their experiences, describes a typical day in the occupation, explains what they like and don't like about the job, and offers advice for those interested in pursuing the career.
