HOW DO PARENTS/GUARDIANS CREATE AN ACCOUNT?

Creating a Parent/Guardian Portal account is easy!

- 1. Go to www.careercruising.com/Parent
- 2. Click on the Register Now link
- 3. Enter a few details to create their account: name, email, address, password, and activation code

Please note: Parents/Guardians must have an activation code in order to create an account.

HOW ARE PARENT/GUARDIAN ACTIVATION CODES CREATED?

Activation codes can be created either by advisors in CAMS or by the student sending an email invitation to his or her parent/guardian.

Through CAMS

- You can create access codes for individual students by selecting the Parent/Guardian Access option from the Student List. Choose the number of codes you want to create in the Generate Activation Codes section and click Go.
- You can also create activation codes for groups of students. Click on the "Manage Parent/Guardian Accounts" button in the menu on the left side of the page. Select the "Create Parent/Guardian Activation Codes" option. Click on "Create for a single student or a group of students" and then search for the relevant students. (To search for all students, simply click Submit without selecting any criteria.)

You will then see a list of students who matched your criteria. Click on the "Select All" link to choose all students or pick the ones you want by clicking on the checkboxes beside the students' names. Click "Submit".

After you create the accounts, you will have the option to generate a letter for each of the new activation codes you just created. Click "Yes" to generate the letters or click "No" to skip that step.

By the Student

• A student can send an email invitation to his or her parent/guardian to create a parent/guardian portal account. The student simply clicks on the "Share Your Portfolio with Your Parent/Guardian" link in the Quick Links section on the Portfolio Homepage and then enters their parent's/guardian's email address. An email message will then be sent to that address with an activation code and instructions for creating an account.

Please note: This option can be deactivated by an administrator in the Portfolio Options section in CAMS.

Parent/Guardian Accounts FAQ

WHAT IF A PARENT/GUARDIAN HAS MORE THAN ONE CHILD WITH A CAREER CRUISING ACCOUNT?

Parents/guardians can link their account to as many students as needed, even if those students are at different schools. All the parent/guardian needs is an activation code for each child.

To link additional children to their account, parents/guardians do the following:

- 1. Go to https://www.careercruising.com/Parent
- 2. Login with their email address and password
- 3. Click on the Add a Child link in the menu on the left side of the page
- 4. Enter the activation code

The child's portfolio will immediately be linked to that parent's/guardian's account.

WHAT IF A CHILD NEEDS MORE THAN ONE PARENT/GUARDIAN ACCOUNT?

HOW DO I DELETE AN ACTIVATION CODE?

To delete an activation code, use the "Search for Students" feature to find the relevant student. From the Student List select "Parent/Guardian Access" in the dropdown menu. In the "Unused Activation Codes" section, click on the trash can icon beside the code you want to delete.
