“

Our school district has been using Career Cruising for college and career research for several years. It is an awesome resource that is extremely user friendly and has a wealth of useful information for students. Our students are very fortunate to have access to this remarkable program.

Susan M. Hunt, Lead Counselor  
Sam Houston High School

Perhaps the most convenient and unique aspect of Career Cruising is that it gives students and parents the accessibility to view and change a student's four year plan while at home. Our process is now almost entirely paperless and we have saved hours of data entry time that we now use to spend directly with students.

Mary McNeely, M.A.Ed. Junior Counselor  
 Mooresville High School
